

Course Name: Linear Algebra

Start Date: 1/22/2014

Instructor Name: Sherry Lohse

Class Key Code: MW: napavalley 7490 6227

TTh: napavalley 8262 7822

## Enrolling Yourself in a Class Using a Class Key

If your instructor gives you a WebAssign class key, you can enroll yourself in the WebAssign class roster. If you do not already have a WebAssign account, you can create one after verifying the class key.

**Important:** An access code is not the same as a class key. You need a class key to enroll. You might need to pay student fees later with your access code.

### To self-enroll for a class:

1. Go to the WebAssign login page ([www.webassign.net](http://www.webassign.net)), and click **I have a Class Key**.

Class Key

Enter the Class Key that you received from your instructor. You will only need to complete this once. After you have created your account, you can log in on the main page.

Class Key

*Class Keys generally start with an institution code, followed by two sets of four digits.*

Submit

2. Enter the Class Key your instructor gave you, and click **Submit**.

4. If you have an existing WebAssign account, select **I already have a WebAssign account**, type the **Username**, **Institution**, and **Password** for your account, and click **Continue**. You are enrolled in the class and logged in to WebAssign using your existing account.
5. If you do not have an existing WebAssign account, you can create one now.
  - a. Select **I need to create a WebAssign account**, and then click **Continue**.

**Log In Information**

Required fields are marked with an asterisk (\*).

Preferred Username \*    
Your username may contain letters, numbers, and the following characters: underscore (\_), hyphen (-), period (.)

Institution Code

Choose a Password \*

Re-Enter Password \*   
Passwords are case-sensitive.

**Student Information**

Required fields are marked with an asterisk (\*).

First Name \*

Last Name \*

Email Address \*

Student ID Number

- b. Type the username that you would like to use for your WebAssign account in the **Preferred Username** field, and click **Check Availability** to see if the username that you want is available. Usernames are not case-sensitive, so BobSmith, bobSmith, and bobsmith are all the same username.
- c. After confirming the availability of your new username, type a password in both the **Password** and **Re-Enter Password** fields. Passwords are case-sensitive, so IAmCa3sar is not the same as iamca3sar.
- d. Enter your **First Name**, **Last name**, and **Email Address**, and optionally your **Student ID Number**.
- e. Click **Create My Account**.

WebAssign confirms that your account has been created. You can click **Log in now** to log in to the new user account and go to your home page. Remember your username and password, because you will need them each time you log in.

 **Tip:** If you forget your password, you can click the **Reset Password** link on the login page. If you forget your username, your instructor can look up your username for you.
